

COVID-19 Vaccination

AMI Expeditionary Healthcare (AMI) has been working with states, federal, and international agencies, and the private sector since the beginning of the outbreak at Kirkland Life Center (including DHHS under federal contract HHSO1002108000151). Building on our extensive COVID experience providing testing solutions to multiple constituencies in varied settings, combined with our national and international reach, AMI is positioned to deliver customized large-scale vaccination support both domestically and across the globe.

AMI offers a turnkey solution

- Complete procurement of personnel, supplies, information technology, and processes to conduct COVID-19 vaccination efforts
- Force multiplier for your agencies vaccination goals
- May be combined with seasonal influenza vaccination efforts
- Ability to bill insurance if needed to offset costs for client
- Ability to support any environment especially those that are remote, challenging and under-resourced
- Fully compliant with international and CDC best practices for mass vaccinations
- Safe and secure transportation of vaccinations to include various cold chain requirements with appropriate chain of custody
- Properly sized team for best value
- Clinical support on site for the rare medical event – allergic reaction, fainting or other
- Multiple contract vehicles for both federal domestic delivery and support of international clients
- Timely and compliant reporting which can be entered into any digital platform for real-time updates on effort
- Full logistical support to source, transport, set-up, and take down of temporary buildings/tents, traffic control, signage, and personal protective equipment (PPE) if needed to deliver broad based vaccinations within facilities, parking lot drive-through testing, walk-up, and mobile testing
- Ability to bring the vaccine(s) to the homebound or otherwise challenged

AMI Expeditionary Healthcare

AMI Expeditionary Healthcare is nationally and globally distributed. Physician-owned and physician-led, AMI has been providing healthcare solutions for over a decade in some of the most remote, challenging and under-resourced environments in the world. AMI has delivered countless healthcare solutions and more than 5,000 medical personnel to upwards of 70 clinical and hospital settings on four continents. AMI is Headquartered in Reston, VA.
